spa experience.*

Balancers

Alkalinity

Raises total alkalinity levels to prevent pH shifts which could cause equipment corrosion.

Part # Case Qty.
CSTA002 12 x 2lb.

pH Plus

Gently raises pH levels, improving spa water comfort and the effectiveness of sanitizers.

Part # Case Qty.
CSSA002 12 x 2lb.

pH Minus

Lowers pH and total alkalinity levels, improving spa water comfort and the effectiveness of sanitizers.

Part # Case Qty.
CSSB003 12 x 3lb.

pH Hold

A special blend of balancing agents that will lock and maintain an ideal pH level for up to 3 months.

Part # Case Qty.
CSLHQT12 12 x 1qt.

Calcium

Effectively raises the calcium hardness level which helps prevent corrosion of equipment and etching of spa surfaces.

Part # Case Qty.
CSCC002 12 x 2lb.

Sanitizers

Bromo Bright Tablets

Provides a source of active bromine ideal for continuous disinfecting of your spa. Tablets are designed to dissolve slowly in spa feeders.

(Oreq bromine feeders, part# CL270 or CL280.)

Part # Case Qty.
CSBR015 12 x 1.5lb.

Bromo Boost

Quick dissolving, concentrated bromine booster acts to stabilize and oxidize the sanitizer. Effective over a wide range of pH and offers long lasting sanitation.

Part # Case Qty.
CSSO002Z 24 x 2oz.
CSSO002 12 x 2lb.

Chlorinating Granules

Chlorinating Granules dissolves quickly and has a neutral pH; ideal for disinfecting spa water.

Part # Case Qty.
CSDD002 12 x 2lb.

Shocks

Crystal Shock Oxidizer

A non-chlorine shock that keeps water crystal clear. Provides an oxygen boost for existing chlorine and removes organic materials.

Part # Case Qty.
CSPM002 12 x 2lb.

Spa Seltzer

A quick dissolving seltzer tab containing mineral spring salts and bacteria fighting ingredients. Spa Seltzer provides the sensation of immersing in a Japanese hot spring and gives a soothing feel to the skin.

Part # Case Qty.
CSSS002 12 x 2lb.

Specialty

Cartridge Cleaner

Professional grade cartridge cleaner used to remove particles so filters can operate at optimal efficiency.

Part# Case Qty.
CSLCCPT12 12 x 1pt.

Jet Blast

Clears unwanted contaminants like oils, dirt, and other organics so that the spa plumbing and jets are free to work at optimum efficiency.

Part# Case Qty.
CSLJBPT12 12 x 1pt.

Surface Cleaner

Cleans and prevents future damage to spa surfaces caused by oils, dirt and organic material.

Part# Case Qty.
CSLSCT12 12 x 1pt.

Spa Phos

A powerful proprietary phosphate remover that eliminates the food source for algae.

Part # Case Qty.
CSLPBPT12 12 x 1pt.

Crystal Brite

Powerful formula that coagulates dirt and other particles so they can be easily removed by the filter, resulting in bright, clean, spa water.

Part# Case Qty.
CSLCBPT12 12 x 1pt.

Metal Guard

Prevents scale and removes existing stains to extend the life of your spa and equipment.

Part # Case Qty.
CSLMGPT12 12 x 1pt.

No Foam

Removes and prevents foaming in spas which is often caused by imbalances in spa water or soaps and detergents introduced by bathers.

Part # Case Qty.
CSLNFPT12 12 x 1pt.

Natural Enzymes

Cleans spa water quickly and naturally by effectively breaking down contaminants and oils that cause unsightly scum and unwanted odors.

Part # Case Qty.
CSLNEPT12 12 x 1pt.

Spa Start-Up

Everything needed to get a new spa or hot tub up and running: sanitizer, anti-foam, clarifier, equipment protector, and a Clear Spa 104° Spa Care Guide.
